Adjutant General Hough
Announces That Regi-
ments Will Be Called Out
for Border Service In the
Order of the Seniority of
the Commanding Officers,
Eighth First.(ASSOCIATED PRESS TELEGRAM)
Columbus, June 23.—Klein rival-
ry, in recruiting has developed be-
tween the regiments of the Ohio
National Guard and the units of the
regiments, due to the indications of
the preliminary announcement of
Adjutant General Hough, that such
regiments as are more fully recruit-
ed toward war strength will be the
first to be entrained for the Mexican
border upon receipt of orders from
Washington.Active service is the goal of the
old guardsmen who have mobilized
and of the recruits who have offer-
ed their services. Veterans of the
service are using every means of
recruiting to bring their companies
up to full enlistment, in the hope
of being in the first unit to be
sent to the southwest. The per-
tinent communications from Wash-
ington yesterday, asking definite
data on the available strength of the
Ohio Guard for immediate service,
indicating that the orders from the
war department for the enlistment
of at least a part of the Ohio
Guards were probable, stimulated
regimental officers to exert all pos-
sible influence to have their units
completed and standing on arms
when the order for action comes.The announcement of Adjutant
General Hough to call out the regi-
ments in order of seniority, has
placed the Eighth regiment in the
position to be the first regiment sent
out, as it is now recruited to its full
peace strength and the entire unit
is climbing rapidly toward war
strength. It was reported that one
commander yesterday that in guard
companies several companies had
been recruited beyond war strength.
The extra recruits will be trans-
ferred to other companies or even
regiments, in this case, and recruit-
ing expedited.Recruiting is assuming novelty
forms in several cities. A small
deal table placed on the sidewalk in
the midst of the busy crowd on High
street, this city, was the "recruiting
office" of one enterprising guard
officer yesterday. At Springfield
the citizens are planning to hire a
band to supply the organization dur-
ing recruiting. Inspiration for the
training is being combined with the
raising of the units in several of
the cities. The commanders are
conducting "hardening" drills, and
these are performed in the city
streets, and are said to have a de-
cided tendency to arouse patriotism
and enthusiasm.With the probability that will
contraction of the guard in Camp Wil-
liam would be probably required within
the next three or four days, work on
the preparation of the camp was
rushed today. Strict regulations be-
ing tightened around the men at arms
in the various cities, though no ab-
solute military control will be en-
forced until the orders for concentra-
tion are issued. The men are
being kept at all times in closest
communication with the unit head-
quarters."Watchful waiting" is the term
which most adequately characterized
the duties of the Ohio national guard
mobilization today.
At their home stations throughout
the state, organization commanders
and enlisted men are awaiting word
from Adjutant General Benson W.
Hough, at Columbus, to proceed to
the state mobilization camp which is
being rushed to completion north-
west of this city.At Columbus, Adjutant General
Hough is awaiting orders from de-
partmental headquarters at Chicago or
war department officials at Wash-
ington. At noon, officials of his office
said no word from Chicago had been
received relative to orders men-
tioned in news dispatches to the ef-
fect that 5,000 guardsmen from the
central department were to be hur-
ried to the Mexican border as soon
as they were mustered into the fed-
eral service.Mustering officers, detailed by
war department officials, are ex-
pected to arrive here today but it is
believed they cannot begin their
work of formally inducting the Ohio
militiamen into the federal service
until the first of the week.Major H. M. Bush, of Columbus,
commander of the First Battalion of
Soldiers, today announced that
"mass" foreign governments in
the United States are being observed
and that the United States is being
observed by the world.COL. VANDERBILT SUPERVISES DEPARTURE

vised the departure of the 69th regiment, N. Y. N. G., for the mobilization
site at Camp Whitman, Beekman, N. Y., a few days ago. Colonel Vander-
bilt is one of the best known of the guard officers in New York, and has
spent much of his time bringing the national guard up to its present high
standard of efficiency.BAKER TRYING
TO PLACE THE
RESPONSIBILITY

(ASSOCIATED PRESS TELEGRAM)

Washington, June 23.—Secretary
Baker made public today a report
from General Pershing on the fight
at Carrizal based on personal ques-
tioning of men from the two troops
of the Tenth cavalry engaged in the
conflict. It was indicated that at-
tacks upon the Americans was un-
provoked but gave no estimate of
casualties on either side.General Pershing had not had an
opportunity to confer with any of-
ficer of the two troops and Secretary
Baker said that a definite conclu-
sion as to where the blame could not
be confirmed.The secretary said General Pershing
himself did not regard the re-
port as an official statement of what
had happened and indicated that he
attempted to decide the course to be
pursued by the United States would
be made until a complete account
had been received. In the mean-
time, the preliminary report willnot be made public, although it is
understood to be substantially in ac-
cord with the version given in bor-
der press dispatches last night.Officials are greatly worried over
the delay in getting news from the
surviving officers of the little Tenth
cavalry detachment which engaged a
superior force of Mexicans. Accord-
ing to Mexican official accounts there
were about seventy-six Americans,
seventeen of whom were taken pris-
oner. Captain Charles T. Boyd,
Lieutenant Henry R. Adair and ten
men are said to have been killed. Of
the remaining forty-seven only a
few stragglers reached General Per-
shing's headquarters yesterday and
today there had been no word from
the two cavalry troops sent out to
get in touch with the shattered com-
mand.General Pershing said he hoped
to have a report from surviving of-
ficers by courier during the day.Secretary Baker denied rumors of
plans for an immediate call for vol-
unteers to add to the regular and
national guard forces. He also said
there had been no additional orders
over night for troop movement.Senator Stone, chairman of the
foreign relations committee, called
at the state department early seek-
ing information about the situation.
He was told by Secretary Lansing
that there had been no new develop-
ments. Mr. Stone said congress
would do nothing in the crisis that
might interfere with negotiations be-
tween the state department and the
de facto Mexican government.Newark Hospitality Is
Appreciated by Eagles
Attending ConventionThe Eagles state convention which
began a four days session in this
city last Monday was brought to a
close Thursday evening with a pub-
lic exhibition by drill teams of Day-
ton and Tiffin, the former being
awarded first prize and the latter
second, two large handsome silver
loving cups. The drills took place
on South First street and were wit-
nessed by several thousand people.The visiting bands as well as the
Buckeye band gave delightful con-
certs around the public square. The
Battalion band of Columbus played
from the balcony of the Warden's
Hotel, and it was possibly the band's
last public appearance as the mem-
bers will leave the Columbus battal-
ion for Mexican border duty.The band which accompanied the
Zanesville delegation, made up of
members from the Seventh regiment
and Bakers bands, also gave a de-
lightful concert from the Warden
Hotel balcony. The Delaware and
Springfield bands played in various
parts of the city before entraining
for their respective homes. The
young ladies band of Barborton,
which accompanied the Mt. Vernon
delegation, played several selections
after the parade. The Johnstown
band also gave a concert.The famous old Buckeye band was
the recipient of many compliments
and their music was one of the en-
joyable features of the day. Led by
Drum Major Robert Dold and Direc-
tor Fred, the band played a variety
of selections.Boys made a big hit with convention
visitors, their natty uniforms show-
ing up to excellent advantage. New-
ark certainly has a right to feel
proud of its band, and it ranks sec-
ond to none in the state.The big Eagle parade in the after-
noon was very commendable but was
a disappointment to the local con-
vention committee because a num-
ber of uniformed teams failed to re-
port. The parade took twenty-five
minutes in passing a given point.
The various teams and marching
clubs were nicely uniformed and all
presented a splendid appearance, the
marchers keeping step and time with
military precision.The judging took place from a
stand erected in West Main street in
front of the Advocate office, the
judges being Mayor R. C. Bigbee,
F. S. Neighbor and C. H. Spencer.
As announced in yesterday's Ad-
vocate Zanesville won two first prizes,
\$100 for the best appearing march-
ing club in uniform accompanied by
a band of not less than 16 pieces,
and \$75 for having the largest
number of men in parade accom-
panied by a band of not less than 16
pieces. Delaware won second prize
\$75, for the best marching club in
uniform. Mt. Vernon won second
prize, \$50, for having the second
largest number of men in line.The Johnstown lodge was award-
ed first prize, \$75, for having the
largest percentage of membership in
the parade.

pean capitals the Associated Press
announces the following on the war
situation.Despite the absorption of such
large number of their troops in the
Verdun operations and the reported
dispatch of considerable forces to
cope with the Russians on the eastern
front, the Germans are display-
ing activity along other parts of the
line in the west.Yesterday they opened up heavily
with their artillery on the French in
the Champagne region and at night
attacked three times on a 1200-
yard front near Maisons-De-Cham-
pagne. They failed, however, ac-
cording to the afternoon bulletin of
the French war office, to obtain a
permanent footing in any of the
French war office, to obtain a per-
manent footing in any of the French
positions.Before Verdun, only minor in-
fantry operations are reported, but
the heavy bombardment east of the
Meuse, where the direct assault on
the fortress is being pressed, is being
continued. Paris last evening de-
scribes the artillery fire here as
"unprecedented violence," and today
reports the bombardment as having
been kept up in considerable volume
during the night. Shells producing

ployed.Rome reports progress for the

ANNOUNCED BY
SUPREME COURT

(ASSOCIATED PRESS TELEGRAM)

Columbus, June 23.—The supreme
court today affirmed the Allen
county court of appeals in the case
of Newton Snyder against the state
liability board of awards.Snyder, according to court re-
cords, was caught in a revolving
shaft and injured January 18, 1913,
while employed by the Lima loco-
motive works. The state industrial
commission granted him weekly in-
demnities totalling \$181.71. In Au-
gust of that year, the board of
awards found his disabilities had
ceased to exist and no further com-
pensation was due him. In common
pleas court Snyder secured a ver-
dict allowing \$10 a week from the
state insurance fund. This judg-
ment was reversed by the appellate
court and by the supreme court's ac-
tion, Snyder will be prevented from
securing further indemnity.The supreme court today dis-
missed the case of the Epoch Pro-
ducing company of New York, against the
Industrial commission of Ohio in
which the right of the company to
exhibit a moving picture play de-
picting conditions in the south fol-
lowing the civil war was to be test-
ed.The court held its decision on the
case would be unnecessary because a
case involving the same question is
now pending in federal court here.
The Ohio board of moving picture
censors, a part of the industrial
commission, rejected the film play
declaring it was conducive to race
prejudice.In a decision announced today,
the supreme court held valid the dis-
position made by Judge Joseph B.
Kelley, of the involuntary court of
Cincinnati, of 100 divorce cases
which were pending in his court
when he was taken to sit upon such
cases as were right away from that
court by the legislature and vested
in the court of domestic relations.The court reversed the decision of
the Appellate court of Hamilton
county, holding the judge had a
right to act upon cases already
pending in his court although his
power to act in further cases of the
kind had been removed.BOX CARS BURNED

El Paso, June 23.—The burning

stroying the cars apparently was a

Avoid if Possible Army
Clash.

(ASSOCIATED PRESS TELEGRAM)

San Antonio, June 23.—General
Funston eagerly awaited today fur-
ther details from General Pershing
of the attack near Carrizal by a
greatly superior force of Mexicans
under General Felix Gomez on two
troops of the Tenth cavalry under
Captain Charles T. Boyd.The final outcome of the battle
was not made known in General
Pershing's report, received at head-
quarters last night, nor was any in-
dication given of the number of cas-
ualties suffered by the little Ameri-
can force which had been almost en-
tirely surrounded by a ring of Mexi-
can troops. This report was based
on the stories of several stragglers,
who had made their way back to the
main column.According to the story told Gen-
eral Pershing by these stragglers, the
attack was entirely unprovoked and
was made after the Mexican force
had partly surrounded the Ameri-
cans under cover of a parley between
General Gomez and Captain Boyd.
It was not until after the Mexicans
had opened fire with a machine-gun
on the American troops that Cap-
tain Boyd dismounted his command
and returned the fire.Apparently the men who made
their way back to General Pershing's
headquarters did not encounter the
two squadrons of the Eleventh cav-
alry sent by General Pershing to rein-
force the two troops of the Tenth
and no report from this source had
reached General Pershing last night.
General Funston pointed out a
discrepancy in the report coming
through Mexican sources to the ef-
fect that Captain Morey had been
killed. The Mexican report stated
that the American commander had
been killed while General Funston
pointed out that Captain Boyd was
the senior officer of Captain Morey
and would have been in command.General Pershing's report stated
that he had warned Captain Boyd
before the latter left the main col-
umn that he was on a reconnoiter-
ing expedition only and that he was
to use every precaution against pre-
cipitating a clash with Mexican
troops. The fact that these instruc-
tions had been given is taken, by
army officers here to substantiate
the story of the stragglers that the
attack was unprovoked by the
Americans and made without warn-
ing.Battery A of the Texas National
guard left before daybreak today for
Brownsville where they will report
to General Parker.The war department had no ad-
vices today showing how definitely
the progress of the mobilization of
the hundred thousand national
guardsmen called for border service.
By the new order mustering officers
in the various departments are in-
structed to submit to the depart-
mental commander reports on the
progress being made by each nation-
al guard organization with its mobil-
ization. On the basis of these re-
ports the department heads will be
able to indicate to General Funston
the approximate time when each
regiment or other unit under their
jurisdiction will be ready for serv-
ice and consult their desires to the
point to which each shall be sent.
Regiments will go to the front in the
order in which they become ready
for service.The entire operation will be car-
ried out between General Funston
and the departmental commanders.
The object aimed at is to eliminate
all unnecessary delay and red-tape
in getting the guardsmen to the
front.

Resolution, Authorizing Pres-

A STATE OF WAR EXISTS

With Mexico at Present to
All Intents and Purposes,
Republican Leader Mann
Declares, That Troops
Cannot Be Withdrawn at
Present and That Army
Should Be Strengthened.

(ASSOCIATED PRESS TELEGRAM)

Washington, June 23.—In an
amendment to the Hay resolution,
authorizing the President to draft
into the federal service immediately
all National guardsmen willing to
take the oath, the house today unani-
mously declared that an emergency
now existed necessitating a call on
state troops.A new section of the bill offered
by Representative Hay, and also
unanimously adopted, would ap-
propriate not exceeding \$1,000,000 for
allowances not to exceed \$50 a
month to dependents of National
guardsmen with no other income
than the guardsmen's.Questioned by Republican Leader
Mann and others, Mr. Hay told the
house that the resolution did not
contemplate a state of war, but that
the mere fact of the introduction of
the resolution handed to him by the
war department, shows that in the
opinion of the executive the emer-
gency does exist and that this resolu-
tion is absolutely to meet that
emergency. Unanimous consent for
consideration of the resolution was
given and general debate began un-
der an agreement for a two hour
limit.Representative Mann made a
speech declaring that a state of war
with Mexico already exists to all in-
tents and purposes and expressing
the opinion that the regular troops
were not carrying out the purpose
for which they were sent into Mex-
ico. He said, however, that he did
not see how they could be with-
drawn under the present situation,
and if they were to stay the military
strength of the country necessarily
must be increased.Representative Butler of Pennsylv-
ania, Republican, urged that the
President should advise congress of
his reasons for determining that an
emergency existed."I know what this resolution
means," he said in an impassioned
speech. "I know that this resolu-
tion's passage means the destruc-
tion of human lives and property and
possibly a war for some years to
come. I am willing to take my
share of this responsibility but I be-
lieve the President should advise
congress now."The Hay amendment under which
congress declares the emergency
now exists, was adopted unani-
mously.Newark Masons to

plar, and the members of the subor-

is arranged for and will not cost
any of those who go anything.
The autos will be furnished and the

sire to go are welcome. The Com-

FOR "MEXICAN WAR"
ONLY 8 YEARS OLD.(Associated Press Telegram)
Columbus, June 23.—"A
little child shall lead them,"
was the grave comment of
Governor Frank B. Willis this
morning when he found in his
official correspondence the fol-
lowing letter from Cincinnati
scrawled in childish hand print-
ing:
"Governor Willis:
"I am almost 8 years old
and want to be a volunteer in
the Mexican war and want you
to send me a gun and a sword
and a pistol and a American
flag."
"Bobby Cartwright.
"Baker Place,
"East Walnut Hills."
While "Bobby" is a little
premature in his tender of ser-
vice according to the Govern-
or, there is a serious sentiment
in the letter which will call
forth a respectful reply at the
office executive of a state de-
partment.

Men of Newark

J. R. DAVIES WAS BORN AND BROUGHT UP IN THE VILLAGE OF Granville, Ohio. The house in which he lived was torn down in later years to give place to Cleveland Hall. He learned a trade at which he earned a sufficient sum of money to complete his education at Denison University and in the law department of Michigan University. On admission to the bar he entered into a partnership with Judge Jerome Buckingham, which continued for the period of about four years. He has been engaged continuously in the general practice of the law, although his criminal cases have been few, and of late years he has been drawn aside to a considerable extent, to the real estate department of the law. He has taken pride in seeing the cases he undertakes brought through to a successful issue, and in most cases where he has deserved to win he has been successful.

He has interested himself in every thing pertaining to the public welfare. Humanly speaking, George R. Scott and he were originators of the Young Men's Christian Association in this city, of which he was for three years the first president.

He prepared and forwarded the articles for the incorporation of the Newark City Hospital at the request of the good women who had it in charge. For seven years he served as one of the trustees of the Memorial Auditorium at the time of its erection. For many years he has been a trustee of his Alma Mater, Denison University, and is at present specially interested in its new endowment.

In his personal habits he is regarded by many as somewhat austere. His father was in the Old Country a member of the Independent Order of Rechabites, and taught his son that the use of wine and strong drink, or even of tobacco, was sinful. His son has always regarded this instruction as just and wholesome, and has endeavored to pass it down to his children and grandchildren. He has been known as an outspoken and uncompromising friend of temperance. The foes of temperance have, of course, not been interested in his advancement in any way. He has made, as he is well aware, sacrifices on account of his convictions, but in such matters he does not count the cost.

He is as busy now as he has ever been, and enjoys life, and flatters himself that no man in Newark has a wider circle of friends than he.

AFFIDAVITS AGAINST FIVE.

[Special to The Advocate]

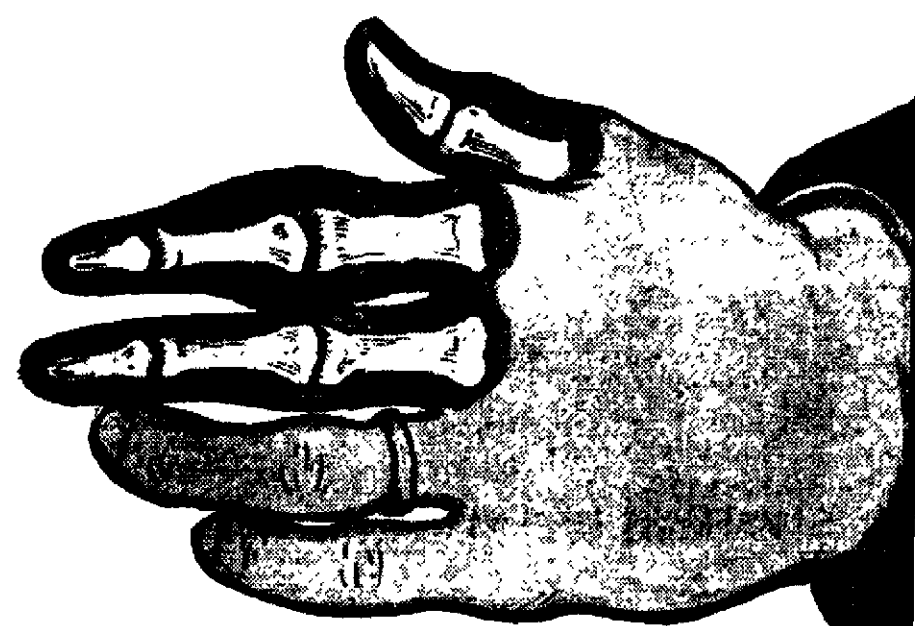

Mt. Vernon, June 23.—State inspectors filed six affidavits here yesterday against five Mt. Vernon people charging sale of liquor in dry territory. They were Mrs. Virginia Paque, George and Philip Smith, Fred Seerns and L. J. Banning. Mrs. Paque pleaded guilty and wrote a check for \$103.60, the amount of the fine and costs. The others pleaded not guilty. The affidavits charged that the offenses were committed between August 1, 1915, and June 5, 1916.

SAYS ENLARGED RHEUMATIC JOINTS DISAPPEAR UNDER TREATMENT

Advises Joints Be Kept Warm—Protect Hands From Cold Winds and Cold Water.

The question has often been asked whether the mis-shapen finger joints due to rheumatism would return to normal, said W. A. Varney, the discoverer of Var-ne-sis.

ONE FORM OF RHEUMATISM VAR-NE-SIS TAKES CARE OF

I am going to answer this question by producing evidence that proves conclusively that they do. I want to suggest that it is important to keep the joints warm and protect the hands from cold winds and water.

Take the case of Mr. Holden, whose fingers were bent and distorted—to see him today you could not believe he ever had rheumatism. Again Mrs. Breed's fingers were actually useless, they were so stiff and deformed—she is well today, fingers perfect. Mrs. McMaisters is another woman who regained the use of her fingers as well as other joints through Var-ne-sis. Mrs. Coyle's fingers were almost rigid—they have gone back to normal. Mr. Nelson's fingers were deformed to a marked degree—you'd never believe he had rheumatism. Nurse Nightingale's fingers were crooked and deformed—they are now normal and she gives all the credit to Var-ne-sis.

Hundreds have told me that Var-ne-sis has been the means of their crooked and deformed joints returning to normal. In this form of rheumatism not only are the hands mis-

shapen, but other joints gradually become involved.

The disease may remain quiet for awhile, but there will be acute symptoms from time to time—enough in the early cases to remind you that the disease is creeping to other joints. If neglected, the fingers become so stiff that it will be impossible to open or close the hand, the knees draw up in the extreme cases and the patient is often helpless.

Physicians will tell you that they can do nothing for this disease, and it is the same form of rheumatism that Var-ne-sis has been so successful in.

No other preparation produces such evidence. Why? A description of the above cases will be sent by addressing W. A. Varney, Lynn, Mass.

Tear this out and mail. Var-ne-sis is a simple vegetable preparation and does not contain the ordinary drugs so often given for rheumatism. Get Var-ne-sis Now—today—at all reliable druggists and R. W. Smith, Druggist.

AL SHONDELL RESTAURANT WAS CLOSED

The Al Shondell restaurant in West Main street was closed this morning by constables from the justice courts of Fletcher S. Scott and D. M. Jones, on executions which were issued against the stock and fixtures. The restaurant was opened about a year ago, the fixtures and furnishings costing about \$2,000, a part cash payment being made on them. It is said there is a chattel mortgage upon the place.

About a dozen executions were issued for creditors and employees. It is said that Shondell left the city Wednesday night. His cashier, Miss Stella Marshall, of near Detlaunce, sent a messenger to the restaurant yesterday afternoon and asked that the cash in the register be sent to her. One of the employees did as she requested the amount being \$33. It is said that Miss Marshall left the city last evening.

When the restaurant was first opened by Shondell it did a very nice business but the patronage of the place dropped off and the operating expense could not be met. There are a number of other creditors who did not take the trouble to file an execution believing that the fixtures will not sell for over the mortgage indebtedness.

Divorce Petition.
Emma C. Casler has filed a petition in probate court against John H. Casler. They were married May 14, 1907, and are the parents of three children, aged 7, 6 and 3 years. RIVALRY

(Continued from Page 1.)
tured by the Goodyear Tire & Rubber Company, of Akron, is nearing completion and will be ready for presentation to the battalion soon.

"Ohio has the only operators in the United States trained in the handling of these balloons," said Major Bush.

Three hundred Ohio penitentiary prisoners were taken from their work inside the walls and placed at work assisting national guardsmen and laborers in preparing Camp Willis, the state mobilization camp, for the first out of town troops who are expected to arrive the first of the week.

The prisoners were practically without guards, the few guards accompanying them acting as supervisors rather than guards. The convicts entered into the construction work with a vim. Indications today were that Camp Willis would be practically completed when the first troops arrive.

Governor Frank B. Willis today received a letter from M. Wolf of Canton, asking acceptance of his services in organizing a company of fellow countrymen—Austro-Hungarian—who are willing to protect their adopted country. Wolf is an American citizen and was formerly an officer in the Austro-Hungarian army, he stated in his letter.

Governor Willis made reply thanking Wolf for his patriotic offer of service and stating "it calls attention to the fact that in this country we are all patriotic Americans despite our birth or lineage."

Wolf's letter was referred to Adjutant General Hough.

Upon getting word today that the Illinois troops had been ordered to the Mexican border at once, Ohio national guard officers were spurred to greater activity in getting ready for service, feeling confident that a similar order for the Buckeye state soldiers will follow soon.

"Speed up on enlistments," was the order sent out to commanding officers from the adjutant general's office.

In a number of the cities of the state military bands and soldiers have begun holding parades to arouse a patriotic spirit and to induce young men to answer their country's call. These appeals have had their effect. Recruits by the score have been obtained. But the number needed for war strength is still insufficient, it was said.

Recruiting is livelier in Akron than in most cities. The Akron field artillery now has 171 men, being above war strength, and it is now enlisting men which will be turned over to Battery C, of Columbus, which has only 88 men. The Cleveland battery has 133 men.

The unusual spectacle of young women stopping young men on the streets of Columbus and appealing to them to enlist may be seen soon. This plan is in effect in Chicago and it is a great success. A call for young women to act as recruiting officers may be sent out. Adjutant General Hough has been advised that there are a number of patriotic young women in Columbus who would gladly volunteer for recruiting service.

Adjutant General Hough today ordered every commanding officer to get his command in readiness to answer a call to come to Columbus at any moment. He asked each commanding officer to advise him immediately if:

Organization has the minimum strength for muster into the federal service.

Inspection for contagious and infectious diseases had been made and none exist.

Don't Hide Them With a Veil; Remove Them With the Ouhine Prescription

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by any druggist under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Ouhine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Ouhine; it is this that is sold on the money-back guarantee.

federal service has been listed preparatory for transfer.

He also ordered that no ammunition should be brought to the mobilization camp. This will be supplied after arrival. A detail of officers and men are to be left home for recruiting purposes.

Property not brought most be locked up in the armory and the keys turned over to the mayor.

Attorney General Turner announced Friday that he would prosecute any man who would try to obtain release from the national guard through fraud or some trivial reason. He sent C. R. Bell, member of his force, to Xenia to prevent William Donovan from leaving the guard after he had enlisted. Donovan claimed he did not know he was joining the guard when he enlisted.

Adjutant General Hough announced late this afternoon that he had received no orders to move separate units of O. G. troops to the border without waiting for the full military strength of the state to be assembled. However, official orders usually are received from the war department several hours after they are carried in press dispatches.

National guard officers believed that the new order issued in Washington would not mean that the concentration camp here would be abandoned. They stated they believed all Ohio troops would be first assembled here to be mustered into the federal service and fully equipped. They said they expect the first troops to arrive at Camp Willis Monday.

FIFTH NEEDS 500.

(Associated Press Telegram)

Cleveland, June 23.—Nearly 500 recruits are still needed by the fifth regiment to bring it up to its required quota and in a final attempt to bring out additional recruits all national guardsmen in Cleveland will parade through downtown streets Saturday night. Colonel Zimmerman, commander of the fifth regiment announced today. A recruiting mass meeting in central armory will follow. Recruits to every Cleveland militia unit so far total 525. All Cleveland units still need more than 650 men.

FIRST RECRUITING TO WAIT STRENGTH EXPECTING A CALL

(Associated Press Telegram)

Cincinnati, June 23.—Officers of the First Regiment O. N. G. urged their men today not to resign from the First in order to enlist in some other regiment which has received marching orders from the war department.

Many of the privates say that they are considering the idea of enlisting with the Kentucky national guard.

It is confidently believed by Colonel Proctor and his staff that within a week or 10 days the First Regiment will receive the summons. The recruiting is being pushed with this idea in view and the recruiting officers at the various stations report that men are being enrolled hourly and that if the present rate of enrollment holds out the companies will be placed on their full war footing by the time that the call to arms comes.

NEW YORK MILITIA WILL BE SENT JUST AS READY.

(Associated Press Telegram)

New York, June 23.—The department of the east was notified by the war department today that as soon as organizations under its control are ready they will be despatched to the border "without a moment's unreasonable delay." Colonel Charles R. Noyes chief mustering officer at Governor's Island today received from the war department this telegram:

"When a mustering officer reports that an organization which has been mustered into the service has been reasonably equipped for field service he will communicate with General Funston at the border, ascertaining where that organization shall be sent and arrange for its departure without a moment's unreasonable delay."

PLANNING TO EQUIP A REGIMENT AND PRESENT IT TO THE GOVERNMENT

At the First Call for Volunteers—Pittsburgh's Organization Receives Gifts Already.

(ASSOCIATED PRESS TELEGRAM) Pittsburgh, June 23.—Plans were in the making here today by which it was expected that volunteer regiment being recruited by the Military Association of Pittsburgh, the local Pittsburgh organization, would be armed and equipped by Pittsburgh's steel men and presented to the government at the first call for volunteers. Major C. B. Mohard, chairman of the recruiting committee received a check for \$500 to be applied toward the purchase of an armored automobile and two steel companies immediately offered to furnish the armor for the car. Mrs. Wilfred Dupuy offered to provide machine guns for the regiment and another gift of a two-ton automobile truck was announced. When these gifts became known leading manufacturers expressed their belief that enough money to complete the outfit for the regiment could be raised quickly. The regiment has already been offered to the secretary of war.

GRADUATES OF NORMAL SCHOOL GET POSITIONS.

Miss Frances Courtier, daughter of Mr. and Mrs. Charles E. Courtier, received notice last Thursday that she had been elected to teach in the first primary department of the Hanover school for next year. Miss Courtier graduated from the Pataskala normal school last month and the fact that she goes at once into a school of such importance as that of Hanover speaks well for both Miss Courtier and the normal. Miss Irma Daniele, another Pataskala normal student, has been chosen as teacher of the Five Points school for next year.—Pataskala Standard.

BLASIUS WIEDMANN, A FORMER NEWARKITE, BURIED IN GERMANY.

Word has been received in this city that Blasius Wiedmann, who formerly conducted a restaurant and grocery in South Fourth street, had died several weeks ago at a home in Freiburg, Baden, Germany, and that the remains were interred in the Freiburg cemetery. He had long been bedfast and death proved a welcome relief. Mr. Wiedmann left Newark nearly twenty years ago and went to Upper Silesia, Germany, where he engaged in the grocery business. He was married there and after the death of his wife a few years ago went to Germany. Later he decided to return to this country but illness prevented him.

MEXICAN MINISTER THINKS WAR WITH U. S. INEVITABLE.

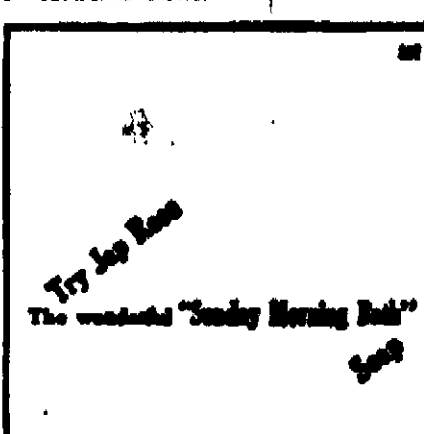

(ASSOCIATED PRESS TELEGRAM) Lima, Peru, June 23.—A lengthy note from the Mexican minister of foreign affairs was received today at the foreign office. It set forth the opinion of the Mexican government that war with the United States was inevitable, on account of the methods employed by the American government, and pointed out that all the republics of Central America and of South America would be affected by a conflict. The Peruvian government returned a carefully-worded reply, couched in friendly terms and expressing the hope that peace would be maintained.

JOVIANS HOLD ANNUAL PICNIC AT BUCKEYE LAKE.

Jovians and their guests, 200 strong, gathered at the Sunfish Club, Buckeye Lake, Wednesday, for their annual picnic. Many Newark electricians attended the outing. Among guests were General Manager Gannon of the Delaware Light, Heat & Power company, F. C. Morrison, new business manager of the Ohio Light & Power company, Newark; Mr. Lohy of the Ohio Light & Power company, Logan; Mr. McCauley, electrical contractor of Upland; Oscar Carman, General Electric company; Mr. Doherty, general manager of the lamp department, Cincinnati branch of the General Electric company; Mr. Tucker, from the lamp works, Cincinnati; Mr. Gibbs, electrical contractor, Dayton. The clubhouse and grounds were the scene of various games and stunts during the forenoon and afternoon. A baseball game, quoits, fishing and bathing were indulged in. At noon a fine dinner was served.

NEWARK

(Continued from Page 1.) the parade accompanied by a band. Second prize, \$50, was awarded Mt. Vernon. Mt. Vernon was also awarded a prize of \$25 for having the most handsome banner in the parade.

Zanesville captured a \$25 prize for having the most ladies registered at Eagle headquarters. Mr. and Mrs. Oscar Stanton of Zanesville looked after this feature and they were successful in having over half a hundred women from the Clay City sign the visitors' roll.

The ten dollar cash prize for the tallest Eagle in the parade was awarded to Clyde H. Williams the "Uncle Sam" at the head of the Columbus delegation. Mr. Williams came into The Advocate office to be measured and a step ladder was required in the operation. He stands six feet, six and three-fourths inches. Mr. Williams is now deputy sheriff of Franklin county and is a candidate for Sheriff at the Republican primary election in August.

Mr. Williams is 26 years of age, the same age as Walter Wilken, the Delaware man who was the heaviest man in the parade. He formerly played ball and pitcher for the Newark team back in 1904 when Art Francis was manager. Later he played ball with Ashland, Ky., Chillicothe and Coshocton. Mr. Williams said he "commenced to grow" when about 15 and says he "grew out of school." In fact he grew so fast and towered so above the other boys in school that none of the school desks would fit him and he quit school after finishing the work in the grammar grade.

While Mr. Williams was the "Mutt" of the parade, George L. Brooke, of Martins Ferry, O., chairman of the Martins Ferry Lodge, No. 456, is a tin mill worker. He won the prize for being the shortest man in the procession. Mr. Brooke is 4 feet, 10 1/2 inches in height. He was given a ten spot.

Mr. Williams and Mr. Brooke became great friends after they met the judges and were given the prizes and they went over to Wagoner's where "Mutt and Jeff" had three pictures "took."

The convention committee worked hard to make the meeting a success and they succeeded admirably. The marching club of the local aerie was a happy surprise. It was captained by Charles Duerr, the well known local florist, and the boys were the recipient of many compliments. Their suits were of blue with white silk trimmings and caps of blue and white with white shoes, and gloves and they carried canes.

Friday found nearly all of the delegates leaving the city. A few will remain for a visit with friends and to make a trip to Buckeye Lake.

President-elect, Hon. Russell M. Knepper of Tiffin stated before leaving for home that the Newark convention was the most successful held in recent years and he praised the hospitality of the Newark people and highly commended the members of the local aerie for the excellent manner in which the convention was handled.

The beautiful Eagles' banner carried at the head of the Mt. Vernon delegation in yesterday's parade, was the work of a Mt. Vernon artist, Julius W. Headington. Mr. Headington is an artist, soldier and politician. He now is candidate for a county office before the August primaries, has an offer from Adjutant General Hough to become battalion quartermaster sergeant of the Ohio Field Artillery and has a considerable reputation in Central Ohio as an artist.

500,000 ARMY SHOES. (ASSOCIATED PRESS TELEGRAM) St. Louis, June 23.—The war department has awarded to two St. Louis shoe factories a contract for approximately \$1,029,000 for 250,000 pairs of army shoes. This contract is for part of the annual purchase of shoes for the army.

NEUTRAL

ATTITUDE OF CIVIL SERVICE EMPLOYEES IN PRESENT POLITICAL CAMPAIGN

Ordered, In Instructions Issued By the State Civil Service Commission Today

(ASSOCIATED PRESS TELEGRAM) Columbus, June 23.—Printed instructions advising civil service employees of the state of Ohio to remain "neutral" during the present campaign were issued today by the state civil service commission under the heading "political activity by classified employees forbidden."

The warning is addressed to the employees as "dear friends" and states "the political campaign now on in Ohio makes it necessary to remind those in the classified service of the state civil service law covering political activity. The law prohibiting soliciting support or subscriptions or any other participation in active politics is quoted, with the ruling of the attorney general that civil service employees cannot be candidates for office. It is specifically stated that the employees are barred from serving as committeemen, and that the penalty is from \$50 to \$500 and imprisonment or a maximum of six months upon conviction. The warning concludes with an expression that the commission expects the state employees to "keep faith with the people of the state by observing the law," and a declaration that the law will be enforced without fear or favor in case of violation. Chairman Z. B. Campbell signed the communication.

JOHN ZIPPERER DROPPED DEAD AT CARNIVAL

John Zipperer, aged 67 years, a well known machinist at the Scheidegger Machine Works, dropped dead last night about 10 o'clock on the carnival grounds in East Newark just after leaving one of the attractions.

Mr. Zipperer, in company with his wife and son, John F., had been up town in the evening enjoying the band concerts and exhibition drills of the Eagle teams in attendance at the state convention of that order, and later paid a visit to the Eagle home, going from there to the carnival grounds. The elder gentleman had not been feeling well for several weeks and his son thought a little diversion would help him. They visited a number of attractions and after leaving one about 10 o'clock he suddenly reeled and expired before a physician arrived. Criss Brothers ambulance took the remains to the Zipperer home, 174 South Fifth street.

Mr. Zipperer was born in this city and was married to Miss Katherine Reichard on September 15, 1870. Twelve children were born to them, nine of whom with the widow, survive to mourn the loss of a kind and loving father. They are William of Zanesville, John F., Frank, Albert, and Charles of this city, Mrs. David Hukel of Detroit, Mrs. Clyde Cady and Mrs. Charles Loughman of the same city, and Mrs. John Loughman of this city.

Funeral services will be held Monday afternoon at 1:30 o'clock from the home in South Fifth street, Rev. Thomas Haller, pastor of the German Lutheran church, of which Mr. Zipperer was a member, officiating. Interment will be made in Cedar Hill cemetery.

UNION U. B. MEETING. Five United Brethren churches, those of Jacksonville, Amsterdam, Hopeville, Macedonia and Mt. Olive, will hold a union meeting at the Mt. Olive church on Flint Ridge, three miles north of Gratiot on Sabbath, June 25th.

The gathering will be an all day meeting with a big basket dinner in the grove adjoining during the noon hours. Large delegations from all the churches, with a part in the program for each, will be a feature.

It is expected a delegation from Newark will be present. Ed M. Larason will speak in the morning and Rev. M. R. White of Newark in the afternoon.

RIGHT SONS FROM ONE FAMILY IN CHICAGO, ENLIST.

(ASSOCIATED PRESS TELEGRAM) Chicago, June 23.—Chicago will send eight sons from one family to the front as its record show of patriotism, it was learned today. "They are all Americans and have not to fight for their country," said Alphonse Burdon, the father, a French-Canadian by birth. "I am glad they are willing to go without any urging," said the mother.

NEWARK PEOPLE ARE ELECTED BY EPWORTH LEAGUE.

Johnstown, O., June 23.—The next annual convention of the Zanesville District Epworth League will be held at New Lexington. The delegation from the Euclid Avenue M. E. church of Zanesville made a strong effort to secure the convention for that city but was unsuccessful. The sessions were largely attended and were productive of renewed zeal in the work of the organization. Newark was honored in the selection of district officers the complete list of officials for the coming year being as follows: President, Clyde D. Canner, Pataskala; first vice president, Homer Danison, New Lexington; second vice president, Miss Edna Ervine, Zanesville; third vice president, Miss Lily Boyd, Newark; fourth vice president, Miss Nellie Ballou, Newark; Junior League superintendent, Mrs. Louise Mead, Pataskala; corresponding secretary, William McGee, Zanesville; recording secretary, Miss Emma Baird, New Lexington; executive committee, C. L. Van Allen, New Lexington, and L. C. Brown, Johnstown.

Power of Faith.

The British Medical Journal says that a patient who believes that nothing can save him helps to seal his own doom.

That is to say, all the skill and experience of the physician are of little avail unless they are augmented by the faith of the patient.

The popularity of the various forms of faith-healing seems to attest that there is much in it.

The body is the slave of the mind. To imagine yourself ill is actually to be ill. To will yourself well is often to become well.

It has now been made an open question whether the presence and the drugs of the physician are not of importance primarily because they excite faith.

It is a curious paradox that truth dwells only in compromise.

Desire to attain certain qualities of character will lead, if the desire is strong enough, to their attainment.

One is vitally what one aspires to be.

The power of aspiration and the power of faith do not act as directly on the body as they do on the character. They are hampered by grosser conditions and limitations. But, nevertheless, their power is great. There are innumerable examples of the sickly man, actuated by a keen ambition to be strong, becoming almost miraculously robust — healed by faith in the feasibility of his throwing off his ills.

The Biblical invitation to the physician to heal himself is nowadays often addressed to the patient.

Be wise and temperate, learn the benefits of fresh air and exercise, and believe that there is nothing much the matter, and you will be well, during most of your days, at any rate.

Faith may remove mountains. Certainly then it can remove the woes of the hypochondriac and the jumpy neurotic.

What an awful shock it will be to Mr. Wilson and Mr. Hughes, when the official notification committees call around with the surprising and unexpected news that they have been nominated!

It is not recalled that any of those anti-American meetings were being held in Mexico during the years when our people were spending hundreds of millions down there to develop their resources.

Country With the President.

(New York Herald.)

The president has the right to expect the undivided support of the country in any war with Mexico or any other foreign country. The country has the right to expect of the president an unflinching and unswerving course after war has once been entered upon.

So far as the Herald is concerned it gives its support to President Wilson ungrudgingly and without any criticism and in line with its traditional policy. In his desire to escape the wider consequences of general hostilities, Mr. Wilson has shown a patience almost saintlike. He has tried sorely many of his friends. He has laid himself open to attacks sometimes almost vicious in their bitterness. His desire has been to go to extreme lengths in avoiding a conflict on the western hemisphere and at the same time to bring about permanent peace and prosperity within Mexican territory itself without resorting to intervention.

But intervention apparently is unavoidable. General Carranza has chosen to interpret the presence of American troops in Mexico as in itself intervention, and he has threatened to attack the troops unless they shall be recalled. They will not be recalled.

The president's note, which is in effect a rejection of a demand, although not an ultimatum, discusses extensively the whole question for the benefit of the entire world. We seek no territory. We are not making war upon Mexico. We are only seeking to protect American rights and property and to restore order. The result rests with General Carranza.

If war shall follow it will follow when the Mexicans attack American troops. The country reasonably expects that the president in that event will bend every energy and expend every resource to strike blows so rapidly, so decisively, that this second war with Mexico shall speedily become a thing of the past and peace like that which Cuba enjoys come to that stricken land.

An Able State Paper.

(New York Times.)

The Mexican Note is direct, comprehensive, and forcible. It explains the attitude of the American government toward the de facto government of Mexico in a lucid and convincing way. Its tone is stern but dignified, and the rebuke it administers to Carranza for the insolent insinuations of an ulterior motive in the retention of our troops on Mexican soil was necessary and is justified.

The note leaves nothing unsaid. It answers Carranza completely, and states our position in regard to Mexico in unmistakable terms. We do not want war, we are still hopeful that war may be avoided, but our national rights must be maintained. It is for Carranza to say whether or not in his long-cherished hopes and his ambition shall be realized. If he desires peace, so that he may continue his efforts to form a government, he can act as prudence and reason would compel any honest man to act in his position. If he provokes war with a country that has befriended him to the limit of its endurance, he must know perfectly well what the result will be. Secretary Lansing's note is one of the ablest state papers produced in our history. For candor and plain speaking it has scarcely been equalled, its statements of facts are convincing, its logic is unanswerable.

Butterfly varieties can be culturally evolved.

How to Get On.
Mr. Hughes' career indicates that one way to get well into politics is to make every effort to keep out.—Washington Star.

The Waters Tamed.
Major General Goethals has finished with the Panama canal which will now jump through a hoop and eat out of his hand at a word from him.—Chicago News.

Duty Alone Spurs Us.
If Mexico insists on going to war with the United States the American people will pick up the gauntlet regretfully but with stern firmness to see the business through. We say regretfully because the mass of Americans recognize in the Mexicans A PEOPLE WHO KNOW WHAT THEY DO. For nearly 400 years they have been victims of kings, despots, nobles, money-grabbers, land owners, foreign capitalists and every educated native freebooter who was able to raise himself above the rest in that land of richness. If not a written principle of government, it was an understood rule that the common people were to be kept down, deprived of education, held in a yoke that was not far from slavery. As a people we go into this war with no lust. We cover no territory. We will kill with no joy. Duty alone spurs us to whatever now comes. And God help us all—Mexicans and Americans!

French Republic Dethrones Asiatic King.
An official communique issued by the French government on May 14, announces to Indo-China the deposition of the King of Annam, Duy Tan, who when 5 years old succeeded his father, King Than Thai, in 1907. Duy Tan has been found guilty of complicity with certain rebels, who had taken refuge in foreign countries, in planning the recent disorders in the provinces of Quangnai and Quangnam, which were speedily suppressed by the authorities. His successor is Bui Dao, a son of the King Duy Khadi. The deposition of King Duy Tan was declared by the Council of Regency, accepted by the governor-general, M. Roume, and approved by the government of the French Republic on May 13. Meanwhile, Duy Tan has been removed and imprisoned at Hue. The situation is quiet and peaceful.—East and West News.

PRESIDENTIAL POINTERS

Only one candidate for president died between the election and meeting of the electoral college. Horace Greeley, the Democratic and Liberal candidate, died before the meeting of the electoral college. The Democratic electoral vote was divided among four candidates. B. Gratz Brown, the Democratic and Liberal candidate for vice president, received 47 votes, 19 less than the number of Democratic electors.

James S. Sherman, candidate for vice president on the Republican ticket—1912, died on October 30, a few days before the election. No provision was made by the Republican national committee for nominating a successor; and at the meeting of the state electoral colleges the Republican electors chosen in Vermont and Utah—eight in all—voted for Nicholas Murray Butler, of New York.

Did You Know.

That tonight, June 23rd, is St. John's Eve, a very ancient English holiday? It is also known as "Midsummer Eve," tomorrow, June 24th, celebrated by the church as the nativity of St. John the Baptist, being also known as "Midsummer Day." Falling three days after the summer solstice, the time when the heat of the sun was supposed to be greatest, it was thought that people could easily become crazed at this time. Neighborhood frosts called "ales," were held in celebration of this holiday where folk made merry around bonfires, with plenty of good things to eat, stout ale to drink, and folk dances to amuse both young and old. Midsummer Eve was a time when diviners foretold events, especially in affairs of the heart, and a little plant of the same species as stonecrop, orpine by name, was suspended in the house by many a maid to see if her sweetheart were true. If the leaves bent to the right, it was a sign of fidelity; to the left, "the true lover's heart was cold and faithless."

Bainbridge-Althoof.

An assembly of over 200 guests at the wedding of Miss Hazel R. Althoof, daughter of Mr. and Mrs. Daniel Althoof, 458 Hudson avenue, and Mr. Walter Leslie Bainbridge, marked one of the most brilliant social events of the season, and proved a fitting conclusion for the large number of beautifully arranged pre-nuptial events.

The entire lower floor of the Althoof home was thrown open to the guests, and the scene presented was lavish in the splendor of rich foliage which covered the walls, and festoons of smilax and white blossoms. The window seat had been removed from the southern window, and the alcove was filled with smilax, southern vines, a profusion of white roses, and great clusters of field dahies. A trolis laden with white flowers and foliage formed the background for the ceremony, and white satin prayer pillows replaced the prie-dieu. Surrounding the archway of floral beauty, two antique candle stands supported the cathedral candles. Candle light was the only illumination used, myriads of these being used in every available space, and the soft glow of the hundreds of candles rays, cast a glamour of beauty over the entire assemblage.

The interior arrangement of the home permitted an aisle which had a sweep of the entire width of the house, and this was used most effectively for the bridal procession, which was led by Miss Mary Sherwood Wright and Miss Juliet Besuden as ribbon bearers. They carried white shepherdess crooks to which were caught Colonial nosegays with the knotted ends of the ribbon which formed the long aisle, and as they took their places the stalls formed an archway for the bridal couple.

Rev. L. P. Franklin, rector of Trinity Episcopal church, followed the ribbon bearers and preceded the bridegroom and his best man, his brother, Mr. Mason Bainbridge of Plattville, Wis. The ushers were Mr. Byron Ashbrook of Johnstown, O., Mr. Charles Ward of Newark, and Mr. Herbert Heilbrun of Cincinnati. The maids, Miss Annette Besuden and Miss Louise Norpell came in single file followed by the mignon of honor Mrs. Byron Ashbrook of Johnstown, O.

The maid of honor was Miss Mary Louise Lowenstein of Cincinnati. Just preceding the bride, who was given away by her father, was little Miss Alice Stevenson, ring bearer. She carried the ring in a miniature basket of tulip and orange blossoms and scattered rose petals in the path of the bride. Parker's orchestra of Columbus

hidden by a screen of palms, ferns, and crystal baskets filled with daisies, played the wedding march. Rev. L. P. Franklin, read the Episcopal double ring service. The bride, a young woman of unusual beauty, was picturesque in her wedding gown, which was of heavy satin, with the full length court train, caught at the shoulders. The skirt was short, fashioned with the bouffant hoops, and the skirt and bodice were embroidered with hand run silver thread lace. The bodice had the low neck with long sleeves of silk net. A filmy veil of silk tulle, caught by a coronet of orange blossoms, fell to the length of the train. The bridal bouquet was a gorgeous Colonial bouquet of orange blossoms, valley lilies and orchids.

All the bride's attendants wore Lucille models of white silk net, with wired panniers of white tulle. The snugly fitted bodices were pointed in front and back and the short full skirts were finished in the pointed scallops. The coiffure was caught with a band of silver with a tiny silver butterfly surmounting it. They wore onyx green silk slippers and stockings and about the throat and shoulders were caught scarfs of onyx green tulle, completing the color scheme of white, green and silver. The gown of little Miss Miller was a duplicate of the maid's gowns, and she wore a wreath of orange blossoms.

Immediately following the ceremony a reception was held at Assembly Hall, where the bridal party, with Mr. and Mrs. Daniel Althoof, and Mrs. Herman Landschulz, of Dubuque, Ia., took their places in the receiving line. Mrs. Althoof wore a gown of pearl tinted brocade silk, while Mrs. Landschulz was costumed in blue satin, fashioned with hoop skirt and bodice of filet lace.

The hall was festooned with smilax, the loops of it being caught to each chandelier, with Colonial nosegays. The reception was followed by a dinner and dance, the tables being placed in the balcony and each was adorned with a Colonial centerpiece, and the candles were in green and silver. The place cards were mounds garbed in white and green. The bridal table had a long Colonial mound, and the guests numbered 17. The bride cake was the double heart, and white satin ribbons were run to each place card from the cake and were found attached to the cake favors.

The Parker orchestra furnished the dance program for the evening and Mr. and Mrs. Bainbridge left for a trip east which will include a week spent at Atlantic City. The bride wore a traveling suit of blue gros de londre with a black sailor hat.

Mr. and Mrs. Bainbridge will be at home the last two Thursdays in September at 458 Hudson avenue.

The bride is the only daughter of Mr. and Mrs. Althoof, and has always been a favorite in her social circle. She has also taken an active interest in civic improvement work. After attending the Newark High school she studied at Wilson College, Chambersburg, Pa. Later she was a student at the Balthasaron School of Travel, in Rome, Italy and spent a year traveling abroad.

Mr. Bainbridge was graduated as a chemical engineer with the class of 1913 from the university of Wisconsin, and holds that position and is an assistant superintendent at the American Bottle company. He is a member of the Sigma Alpha Epsilon fraternity of Wisconsin University.

The out of town guests attending the wedding were: Mr. and Mrs. E. Lowenstein, Mr. and Mrs. E. Huttenbaur, of Cincinnati, Miss Lucille Bradley of Duluth, Mont., Mrs. Herman Landschulz of Dubuque, Ia., Miss Mildred Gilbert of Springfield, Mass., Miss Rachel London of Birmingham, Ala., Mr. and Mrs. J. Koch, Mrs. Frances Althoof, Mrs. I. M. Martin, Mrs. J. M. Martin and Miss Helen Martin of Cincinnati, H. G. Phillips of Chicago and Capt. Frank Warden of Chicago, Mr. and Mrs. William Wilson of Urbana.

Morrow-Pence.

Pink roses, lavender sweet peas, smilax, palms and ferns decorated the home of Mr. and Mrs. C. A. Pence, in Hebron, Ohio, Wednesday evening, June 21, making a beautiful setting for the marriage of their daughter, Ruth, to Mr. Paul D. Morrow, of Granville, O.

The house was softly lighted with scores of pink candles, the stairway was banked with smilax, and the improvised altar was a mass of pink and lavender blooms. While Wagner's wedding march from Lohengrin was being played by Miss Lucille Cully, the bridal party descended the stairway, and, as the last beautiful strains died away, were met at the altar by the groom and his best man, Mr. E. Howard Davies, of Cleveland, where the impressive ceremony was performed by the Rev. Mr. Cheney, also of Cleveland, in the presence of about 80 guests.

In the bridal procession came first Miss Dorothy Jones, of Cincinnati, dusty and petite in a rose pink gown of chiffon, carrying a shower bouquet of pink roses and lavender sweet peas. Behind her walked Miss Dorothy Kramer of Columbus, whose gown of lavender tulle edged with silver enhanced her dark beauty, and fitted in with the color scheme. Her flowers were an exact copy of those carried by Miss Jones. Next in line came the matron of honor, Mrs. Ralph Wright (formerly Miss Alice Adams) of Geneva, Ohio, wearing

her wedding gown of white crepe-de-chine and old lace with the dignity of the matron added to her delicate beauty of face and manner. Her flowers were a tower arrangement of pink roses.

Lastly came the bride, who made a quaint and beautiful picture in her gown of tulle and ivory satin, made bouffant and short in the prevailing mode, with her veil on train, adjusted by the aid of a Castle cap edged with pearls, and carrying a shower bouquet of white roses and lilies-of-the-valley.

After the ceremony the bridal party found their places at a specially prepared table in the diningroom, while the guests were served a la buffet. Seated at the table were: Mr. and Mrs. Paul D. Morrow, Miss Dorothy Jones, Mr. E. Howard Davies, Miss Dorothy Kramer, Mr. H. S. Stephan, Mrs. Alice Adams, Miss Mary Gilmore and Mr. Raymond Wade of Newark and Mr. and Mrs. George McNamara of Newark.

Bohon Schmitt, in the presence of the family, and a few friends of the bride and bridegroom, the ring ceremony being used. The bride was beautifully gowned in em-broidered organdie and carried a shower bouquet. Immediately after the marriage and many hearty congratulations a wedding dinner was served. The bride is the youngest daughter of Mr. and Mrs. J. A. Braden of Dewey avenue. The bridegroom is a son of Mr. and Mrs. Wm. Milbaugh of Oakwood avenue and is employed as a tool maker in Cleveland, Ohio. The bride and bridegroom will leave Thursday morning for their home in Cleveland. Mr. Rogers has been engaged in teaching in the Rural schools of Licking county and Miss Shannon has been a teacher in the Hartzler building in the city.

The bride was beautifully gowned in a white crepe de chine with trimmings of white lace. The wedding march was played by Miss Thora Slaughter, and in the midst of the beautiful house decorations, Rev. M. R. White, pastor of the Tenth Street C. B. church performed the ceremony.

Wall Street.
(Associated Press Telegram)
New York, June 23.—Speculative sentiment indicated further confidence in the opening of today's market, though gains far exceeded losses. Tennessee Copper, whose directors yesterday ordered a suspension of dividends, made an abrupt decline of 1/2 to 3/4. Texas company lost almost two points and Marine preferred and Missouri Pacific were down a point each. There were large individual gains in United States Steel at a nominal advance and Mexican Petroleum, Industrial Alcohol, Cattle Stock and some of the metals showed slight improvement. Reading, Rock Island and Union Pacific were among the firm rails.

Encouraged by the break in Tennessee Copper, the short interest began a series of attacks upon other vulnerable issues. Industrial Alcohol fell precipitously, adding five points to yesterday's loss of seven and other specialties, including some of the prominent munitions, motor and related issues broke down to three points. Reading also weakened on large offerings, carrying other seasoned stocks with it. The list in general being at lowest levels of the current session.

Buying orders checked the decline, but heavy selling of Marine preferred and American Gas again unsettled the market. Reading, however, recovered with a sale of Mexican government bonds at 15 against 60 last February.

Liquidation made further headway in the final hour when American Cattle Stock, Tennessee Copper, Bethlehem Steel, United Fruit and Marine preferred showed extreme losses of four to ten points. There were some substantial rallies at the close. Closing was heavy.

Excessive weakness in specialties, with only moderate recovery in the investment shares, were the contrasting features of today's active market.

AMERICAN GUNS COMMAND EVERY BORDER POINT

(ASSOCIATED PRESS TELEGRAM)
 El Paso, June 23.—American guns command the situation at every important border point today. Field artillery has been mounted on hill-tops in the larger communities, the noses of their guns pointing in a southerly direction, while in the smaller towns machine gun detachments have been stationed. Military authorities and in other border encampments announced that every preparation had been made for possible hostilities.
 After waiting 448 hours, the border road news dispatches giving the American version of the flight at Carrizal, containing General Pershing's report that it was an unprovoked attack upon the Americans and then lapsed into expectant waiting.
 When the dispatches were read to General George Bell, Jr., commanding the El Paso military district, over the telephone early today, he expressed keen gratification, but said that he had received no additional orders from departmental headquarters.
 "I knew it," he exclaimed. "I knew our men did not start that fight."
 Grave apprehension was manifested here for the safety of the 17 American prisoners taken in the Carrizal fight, probably in Chihuahua City. It was pointed out that should hostilities result, the Mexicans probably will attempt to carry out threats made by subordinate leaders to hang the captives.
 With the receipt of Gen. Pershing's first report, military authorities here felt confident that supplemental reports would be received today giving additional details of the fight and news of the two squadrons of the Eleventh cavalry, who were sent to reinforce the troops of the Tenth.
 Reports current in Mexican circles that General Alvaro Obregon, Mexican minister of war, has issued a manifesto offering to accept the services of all rebel leaders in the event of hostilities with the United States found some confirmation in the fact that today a number of Mexicans who have been exiled for political reasons, crossed into Juarez.
 All of these, including Marcelino Caraveo, former adherent of Orozco and Huerta, and other former minor factional leaders, seemingly were in good favor with the Mexican military authorities.

ALBERT WARNER.
 Our principles are the springs of our actions. Our actions, the springs of our happiness, or misery. Too much care cannot be taken in forming our principles. Men of industry, integrity, and of sterling honesty of purpose command the homage of mankind. It is natural to believe in such men, and to have confidence in them. All that is good in the world is upheld by them, and without their presence in it, the world would scarcely be worth the living in.
 The young man is sure to become a worthless character, who is loose in his principles and habits, who lives without object, spending his time in idleness and pleasure. He forgets his high destination as a rational, immortal being. He degrades himself, and is not only disqualified for all the serious duties of life, but proves himself a nuisance and a curse to all with whom he is connected. They are not respected, or patronized. Confidence and support are withheld from them and left to float down the stream of life. Without a good moral character no man can hope to act worthily his part in life. The basis of such a character is virtuous principles. The man who possesses such a character can be trusted.
 Integrity and justice are to him words of meaning, and he aims to exemplify the virtues they express in his outward life. He knows what is right and is firm in doing it. He has independence of character. He thinks and acts for himself, and is not to be made a tool to serve the purpose of party. What he is today he will be tomorrow. Such a man has true worth of character, and his life is a blessing to his family, to society and to the world. To have a character founded on good principles is the first qualification of a good citizen. The man that builds his character on good principles, secures for himself the esteem and confidence of all good men. There are some who make pleasure the aim of their lives, and who seem to live only for their own enjoyment. Man was made for action, for duty, and usefulness to his fellowmen.

tary authorities. It was said that General Caraveo will leave tonight for Chihuahua City, where General Jacinto Trevino will assign him to a command in the army of the north.
 Further indications that the Mexican people are bent on the aggression in the present crisis and that Mexico has the moral support of all foreign nations were contained today in the following dispatch to the local consulate from the official information bureau in Mexico City.
 "Cable messages from Buenos Aires say the newspapers of that city are emphatic in their disapproval of any possible intervention by the United States in the affairs of Mexico."
 From several of the larger border ports today came reports that an embargo is to be placed on the export of food stuffs in large quantities. This follows the recent exportation to Mexican towns of large consignments of flour, beans and other military supplies, and reports from secret service agents that most of the shipments were billed to the interior. It was asserted that the embargo is not to affect small shipments. Customs officials here declined to discuss the reports.
 Early today a rumor spread through El Paso that a detachment of General Pershing's command had engaged Carranza troops near Namiquipa. This was denied, however, by local military authorities, and by the base commander at Columbus.
 In Denmark the cost of living continues to advance, considering the selling price of flour, textiles, metals, lumber, oils. Labor as high as 1915, the index number last March was 1222. It is not believed that the end of the war will result in great relief.

Says Liquid Irondoc Most Rapid Strength Producer Known

Nerve Shattered People; Worried and Physically Unfit Can Regain Old Time Energy and Ambition
 In these strenuous times men and women who would be successful must keep themselves physically fit. In nearly every profession and trade the man with plenty of vigor, a keen mind, a clear brain and confidence, born of good red blood is the man who is the way of hundreds who lag behind and are in continual fear of the future.
 Most people who lack the energy to go ahead and do things they know they ought to do are capable of doing, probably need more iron in the blood. But iron alone as a strength giver is not looked on seriously by the great minds of the medical profession.
 Iron in order to be a greatest benefit as an upbuilding preparation must be combined with other vitalizing agents that are known to create steady nerves, muscular strength and more brain power.
 Liquid Irondoc is just such a preparation, and the reason it is put up in liquid form is because liquids are more easily assimilated and surely do get into the blood.
 Good advice to every person who wants increased strength, a more vigorous body, nerves that never weaken and a mind so clear and energetic that difficult problems of life are easily disposed of, is to take a half wineglass of Liquid Irondoc in either hot or cold water (hot preferred) twice a day, morning and night.
 It is a very pleasant preparation that begins to add strength the first day you take it, and being made of simple yet harmless ingredients, it is inexpensive.

EXCHANGE

IS PLANNED TO PROTECT PUBLIC FROM DISTURBANCE OF FOOD MARKETS

By Heavy Orders For Supplies For Army and National Guard Organizations.

Associated Press Telegram
New York, June 23.—The organization of an association of large dealers in supplies for the army and national guard troops is planned by representatives of the war department and army officers here to protect the public and the army against disturbance of the food markets by heavy orders in time of war. Colonel A. L. Smith, depot quartermaster for New York, is preparing for what is termed a food exchange. The proposal is said to have the backing of Quartermaster General Sharp and Major General Leonard Wood of the United States army.

It is understood that congress will be asked in a few days to give permission for the purchase of army supplies without advertising for bids, which is now required. The organization proposed is somewhat similar to the produce exchange. Orders from the war department received by the exchange would be filled from reserve stock or so divided as to prevent a sudden rise in prices because of a large order.

Members of the exchange would be placed under heavy bonds to abstain from speculation in prices.

25 Years Ago

(From Advocate, June 23, 1891.)
Mr. Frank Smith, the well known grocer and cigar manufacturer, is lying quite ill at his home on North Fourth street.

The home of Mrs. C. P. May on Pine street was the scene last evening of an enjoyable surprise party. The West End Glee club was present and rendered some exceptionally fine music.

Misses Hattie Cooper and Mamie Vance gave an elegant reception Monday evening at their residence on Elm street.

15 YEARS AGO

(From Advocate, June 23, 1901.)
The musical club held the last meeting of the season on Monday evening with the president, Mr. F. G. Warden at the Hotel Warden.

Mrs. William Neal was hostess on Friday afternoon to the ladies of Trinity church and their friends. Delicious lemonade and wafers were served by Misses Mary and Charlotte Neal.

Mrs. A. H. Pierson and her Sunday school class enjoyed a picnic on Tuesday at Idlewild Park. Those present were: Daisy Smith, Adelaide Jones, Bertha Fulton, Ruth Jones, Sylvia Neff, Grace Wilson, Ethel Perry, Helen Hindle.

The World War a Year Ago Today—June 23.

Lemberg, Galicia, recaptured by Austrians after ten months' occupation by Russians. Lemberg became a prize of the czar's army on its westward drive in September, 1914.

Mr. Lloyd-George, as minister of munitions, introduced in the British house of commons a measure designed to increase the output of munitions of war, strikes and lockouts to be prohibited, compulsory arbitration provided and a volunteer army of workmen created.

The retreating Russian armies in Galicia temporarily checked the Austro-German armies southeast of Lemberg, throwing them back across the Dniester river with heavy losses. The Teuton objective after securing Lemberg was Lublin, in Poland, from which point it was planned to move against the railroad running north to Warsaw. This would threaten Warsaw on the rear.

The Railroads

General Manager's Meeting.
President Daniel Willard of the Baltimore & Ohio Railroad, has called an official meeting of Baltimore & Ohio, Baltimore & Ohio Southwestern and C. H. & D. officials at Deer Park, Md., today and tomorrow. The meeting will be attended by heads of all departments and their immediate staff.

Superintendent Donald F. Stevens of the Newark division, left yesterday afternoon for Deer Park and expects to be gone over Sunday. A special train made up of private cars and dining cars with many Cincinnati officials and their staffs, including a number of out-of-town officials, left Cincinnati over the Baltimore & Ohio yesterday afternoon at 4 o'clock.

All matters pertaining to operation, passenger and freight traffic will be fully discussed and it is expected those in attendance will offer numerous suggestions for betterments. This meeting is considered the largest of its kind as it brings together the heads of the various departments of the entire system.

Extra Coaches on No. 21.
Baltimore & Ohio passenger train No. 21 last night carried four extra coaches out of Newark to accommodate the large crowd returning home from the state convention of the Eagles, which closed its session here yesterday. Every train out of the city last night was crowded with visitors and plenty of excitement prevailed on the platform of the Baltimore & Ohio station while awaiting the arrival of the trains.

B. L. Goodrich Outing.
The Baltimore & Ohio Railroad company is making preparations for a picnic excursion of the B. L. Goodrich employees of Akron, on their annual outing to Cedar Point tomorrow. The Baltimore & Ohio will run thirteen trains in sections of ten, each from Akron to Sandusky. More than 5000 "rubber men" are expected to make the trip. This excursion being 138 cars is the largest the Baltimore & Ohio Railroad company has handled this season.

Indoor Life Makes Fat

Try Oil of Kerein to Keep Weight Down, or to Reduce Superfluous Fat.

People who are confined within doors and who are deprived of fresh, invigorating air and exercise must take precaution to guard against over-stoutness, as fat acquired by indoor life is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air weakens the oxygen-carrying power of the blood, so that it is unable to produce strong muscles and vitality and the formation of unsightly and unhealthy fat is the result.

If you are 15 or 20 pounds above normal weight you are daily drawing on your reserve strength and are constantly lowering your vitality by carrying this excess burden. Any persons who are satisfied in their own mind that they are too stout are advised to go to W. A. Ertman, Evans Drug Store, or a good druggist and get a box of oil of kerein capsules, and take one just before retiring at night.

Even a few days' treatment has been reported to show a noticeable reduction in weight, improved digestion and a return to the old energy; footpads become lighter and the skin less flabby in appearance as superfluous fat disappears.

Oil of kerein is inexpensive, cannot injure, and helps the digestion. Any Person who wants to reduce 15 or 20 pounds is advised to give this treatment a trial.

Theatres

Alhambra Tonight and Tomorrow.

Upon the assumption that the screen is greater than both pulpit and press in its comprehensive power for the dissemination of great moral truths, the Famous Players Film company's current contribution to the Paramount Program, "The Evil Thereof" is in the nature of a powerful dramatic sermon. This notable subject, written by Channing Pollock and Renold Wolf, combines under stirring circumstances a story full of fidelity to life and the impulses and passions of mankind, with a motif of strange spiritual appeal.

In its transcendent realism and unescapable truthfulness, this great photo-play, which is the main attraction at the Alhambra tonight and tomorrow, exerts an impression over the mind that is certain to leave a lasting and beneficial influence. The story involves three touching and impressive episodes designed to show the mad craving for money, and the hollowness of the attainment after it is secured.

Crowds See Pavlova.

The Auditorium held two large crowds yesterday and the verdict of all "best ever." Mlle. Anna Pavlova in the screen version of "The Dumb Girl of Portici" proved one of the biggest hits shown at the Auditorium this season. "The Dumb Girl of Portici" is really the musical show "Manassello" that was produced in Paris several years ago and proved one of the greatest sensations ever offered in the Parisian City. Below is the cast of the play:

Pennella..... Mlle. Anna Pavlova
Manassello (brother of Pennella)..... Rupert Julian
Alphonso (the duke's son)..... Douglas Gerrard
The Duke of Aragon, Weymouth Harris
Elvira (betrothed to Alphonso)..... Edna Mason
Isabelle (lady-in-waiting)..... Betty Schade
Pierrot (Manassello's friend)..... Wm. Wolbert
Conde (Alphonso's friend)..... John Holt
Captain of the Guard..... Laura Oakley
Rita (Pierrot's sister)..... Laura Oakley

The above cast is practically a reproduction of the dramatic personnel of the opera "Manassello" as it was given all over the world a generation ago, but there all similarity ends. The wildest imagination of one who recalls the primitive operatic production will not conceive even the faintest idea of what genius in film craft, and a woman at that, has accomplished within the confines of a modern picture plant. "The Black Crook" was the title of

FOUR WEEKS IN HOSPITAL

Mrs. Brown Finally Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"For years I suffered so sometimes it seemed as though I could not stand it any longer. It was all in my lower organs. At times I could hardly walk, for if I stepped on a little stone I would almost faint. One day I did faint and my husband was sent for and the doctor came. I was taken to the hospital and stayed four weeks but when I came home I would faint just the same and had the same pains.

A friend who is a nurse said for me to try Lydia E. Pinkham's Vegetable Compound. I began taking it that very day for I was suffering a great deal. It has already done me more good than the hospital. To anyone who is suffering as I was my advice is to stop in the first drug-store and get a bottle of Lydia E. Pinkham's Vegetable Compound before you go home."—Mrs. W. C. Brown, 1109 Auburn Avenue, Cleveland, Ohio.

the spectacle presented in our theatres at the time "Manassello" was the rage. Neither "The Black Crook" or "Manassello" would do today. The only reason why Pavlova chose "Manassello" as a vehicle was because of the remarkable character of "Fenella" and because the Russian celebrity is the only woman in all the world who could portray the role which has frightened more singers and caused more of a furore in its day than any mind of an author has ever conceived. It is as Fenella that Pavlova will electrify the world.

REJECTED PROGRAM FOR NAVY BUILDING MAY YET BE PASSED

(Associated Press Telegram)

Washington, June 22.—Congress may yet adopt the five-year naval building program recommended by the navy general board but rejected by the house.

This appeared strongly possible today when the senate subcommittee continued work on the naval bill after deciding tentatively to recommend adoption of the program virtually as framed by the general board. The plan would include construction of four battle cruisers and three dreadnoughts the coming year with the proportionate number of destroyers, submarines and supply ships. It calls for construction of a total of 16 capital ships within five years.

The house bill provided for five battle cruisers next year, but no dreadnought and no future building program. The subcommittee's plan probably will have the support of the administration as it has urged increases over the house bill.

USING UP VITALITY

The struggle for nerves uses up vitality in America at a greater rate than any other thing. Fighting to keep away from the poor-house we shorten the distance to the grave.

Especially in middle age, at forty or thereabouts, do we become impressed with the necessity of laying up a competence and with that feeling in the bones comes worry, nervous breakdown, neurasthenia. The entire system feels the result of the nervous strain. The digestion rots things that it accepted before, the heart palpitates on slight exertion, the muscles of the back ache after a day's work. Your blood is thinner and not so bright a red.

When these things occur, whether you are forty or forty, you need a tonic. Dr. Williams' Pink Pills suit most people's need because they are non-alcoholic and they really build up the blood and strengthen the nerves. They are useful for growing children and for men and women whose nervous energy has been overtaxed.

Your druggist sells Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes \$2.50 by the Dr. Williams' Medicine Co., Schenectady, N. Y. Write today for free booklet on the blood and nerves.

WEATHER BUREAU'S WORK SHOWN ON "SAFETY SPECIAL"

Those who have marveled at the predictions sent out daily by the Weather Bureau have likely had little concern as to the system by which forecasts are made, contenting themselves with checking up the accuracy of the bulletins issued.

No branch of science is of more importance to the people of the nation, relatively speaking, than the Weather Bureau's forecasts which result in saving millions of dollars in property in the country each year, protecting the farmers and business men and even holding out a ray of sunshine or hope for good weather on picnic day.

On the "Safety Special" which the government will bring to Newark, June 27 and exhibit at the Baltimore and Ohio station for the enlistment of the public a complete system of predicting the weather is in operation in charge of experts from the department at Washington. The weather man has a serious-minded occupation which consists of much more than glancing about in the heavens for the prevailing winds, as by a complete system of communication he knows where rain is falling, where the temperature is high and low and many other things that have bearing on his predictions. These messages, coming by telegraph and telephone, from mounted and foot couriers and other sources.

The Weather Bureau is of particular interest to students who to the number of several thousand have studied its workings during the trip of the special train. In the exhibit is a delicate instrument which indicates the duration of sunshine, temperature, humidity and rainfall during every minute of the day. A weather chart is prepared showing daily conditions throughout the country.

SCHEDULE FOR SUNDAY BRINGS HEWITTS HERE

Owing to a change in the schedule of the Capital City League by which games scheduled on July 16 are moved up to June 22, and the games set for the latter date are set back to July 16, Manager "Grumpy" Schump's Fitzsimmons team will meet the Hewitts team of Columbus at Washington Park, Sunday afternoon. The game will be called at 2 o'clock. The Hewitts might well be called the "dynamite" team, as there are two or three brothers of that name in the batting order. The change in the schedule is beneficial to Newark, fighting might now for undisputed possession of first place. The original schedule would have sent the Newark team against Laidlaw, Burke and the Hayes-Hayes aggregation. Newark should have been trouble with the Hewitts, especially after the 16-to-7 defeat last Sunday at the hands of the Schultmans.

The Message of a Check

You have heard that "Money Talks." Has it ever occurred to you that the speech of ready cash is less forceful than the message of a check?

When you pay cash, those greenbacks say to the merchant, "You don't know whether our owner ever patronized you before. You know nothing of his credit elsewhere. We may represent a fortune or his last cent. But take us and forget him." And that is just what he does.

If you pay BY CHECK this is the message the storekeeper gets: "I represent your customer's bank. He has a good standing there. That means more money, more trade. It will pay to satisfy him."

If you do buy often at the same place, the merchant knows it and your checks have established your credit and friendship with him. Why not send YOUR creditors the message of the check?

Probable Robbery In a Fashionable Part of Chicago

(Associated Press Telegram)

Chicago, June 22.—William Rebbel, aged 24, who claims to be a New York broker, was shot and seriously wounded in the fashionable Lake Shore Drive, almost directly in front of the home of Mrs. Potter Palmer, early today. Police are investigating his story that he was held up and robbed of \$200 by two men who later showed him a letter, which the police claim to have found in his pockets, apparently from the would-be-assassins, boasted that they had taken \$100,000 from their victims.

Mrs. Rowe preceded this with a strong statement concerning the wonderful benefits which Nerv-Worth conferred upon her own health. Mrs. Rowe used two bottles of Nerv-Worth with splendid effect. "Which of your school studies do you consider the hardest, John?"
"Oh, geology! It's all about rocks, you know."

A Great Secret.

Old Bachelor Uncle—Well, Charlie, what do you want now?
Charlie—Oh, I want to be rich.
"Rich! Why so?"
"Because I want to be petted. My says you are an old fool, but must be petted because you are rich. But it's a great secret, and I mustn't tell it."

Granville

[Special to The Advocate]
Granville, June 23.—With two days of fair weather, the operations on Broadway have been resumed and gratifying progress is now being made. The concrete is being spread on the north side, and with the continuance of favorable weather prospects are good for a speedy completion of the job.

The district convention of The King's Daughters is being held today, in the Methodist church. There is a large attendance of visitors and delegates. The rooms in Linden Flats furnish headquarters and are attractively decorated for the occasion.

The lecture on "Book Plates," which was given in Recital Hall last evening by Major Harry Parker Ward of Columbus, was delightful and informing, as Mr. Ward has been interested in this branch of art for many years, and is thoroughly conversant with the subject.

Many interesting plates from his collection of six or seven hundred, were thrown upon the scene and their characteristics pointed out. The George Washington, the Woodrow Wilson, the Henry Van Dyke were among the individual book plates shown. And one that is familiar to Granville people was also given, that of Dr. Zella Allen Dixon of Granville and Chicago, who herself has published a volume on the subject, and who was mentioned by the lecturer as being the possessor of one of the largest private collections of book plates in the state. Mr. Ward, who is a member of the Champlain Publishing Co. of Columbus, belongs to an old Granville family—the Parker family—whose name he bears, and he retains a lively interest in the old town.

A veteran of the Spanish war, and member of the Ohio militia, he holds himself ready for a call to Mexico.

The work of the Denison Summer school this year greatly surpasses that of any previous year, owing to the addition of several strong members to the faculty. It ought to be generally known that Denison has been placed on a par with state schools, and that a certificate from Denison will be recognized by the state department as meeting the requirements of the law for a life certificate to teach in the state. Unfortunately teachers have been led to believe that they must attend a state school if they are to become eligible for a life diploma. Under the plan of the new superintendent, Mr. Pearson, colleges on private foundation, will have the same opportunity to prepare to teach, that the state schools have had under the old regime.

Miss Ruth Rockwood and Miss Faye Hulshizer left today for Evansville, Ill., where they will study music.

The Christian Endeavor will hold a market in the Presbyterian church Saturday afternoon, June 24 at 3 o'clock.

Miss Mary Gitchell, principal of the high school at Ledyard, Ia., who has been visiting her sister, Miss Rose Gitchell, has entered the Denison Summer school.

Mrs. T. R. Watson of Jackson, accompanied by her son Glenn, is visiting at the home of her parents, Rev. and Mrs. J. J. Smith.

Mr. Charles Belford of Georgetown, Texas, who spent several days this week visiting his daughter, Mrs. Albert Guckert, and his mother, Mrs. E. Belford, has left for home.

Mr. J. E. Cochran and family are spending the summer on their farm near Eureka, W. Va.

Rev. Otto Giesen, pastor of the Methodist church, and Mr. H. W. Deming, have been in charge of the boys' camp at Black Hand this week. These twenty boys are members of a boys' organization known as the "Knights of Methodism." Camp will break up on Saturday.

Mrs. Grove B. Jones, who has been visiting for a few days at the home of Dr. and Mrs. B. E. Lindsay in Columbus, returned yesterday. She expects to remain for a week or two longer with Mrs. B. I. Jones before joining her husband for the summer in Indiana.

Mrs. Van Winkle of Wyoming, who has been visiting her mother, Mrs. Inez Maylene, for a few weeks, left Granville this morning, accompanied by her daughter, Miss Dorothy Van Winkle, who received her diploma from Denison on June 14.

Mrs. E. J. Dorsey, Mrs. Belle Grove Wright, Mrs. B. I. Jones and her daughter, Mrs. Grove Jones, attended the luncheon today given by Mrs. Thomas Peters and her daughters, Misses Helen and Vera Peters at their home in Hebron.

UNHOLY

ALLIANCE BETWEEN WILLIS ADMINISTRATION AND WORST ELEMENTS IN STATE

Charged By Rudolph A. Mack, Candidate for Governor On Republican Ticket.

Rudolph A. Mack, candidate for the Republican nomination for governor, today made the following declaration of principles:

"As attorney in Hamilton county for the Anti-Saloon league and campaign manager for the dry amendment league of that county, I constantly came in contact with the unworldly working alliance between the Willis administration and the worst element in Hamilton county.

"This same condition of playing vicious politics with the people's trust, I find is statewide in the administration affairs of Ohio.

"Ohio deserves an administration that will deal squarely with the people, and not under cover with the gangs.

"I propose, with the help of the decent voters, to give Ohio such an administration.

"I accept and advocate the Republican national and state platforms, and I earnestly believe in the following principles, which I will use my fullest efforts to bring about in the shortest possible time.

"I will clean up Cincinnati.
"Governor Willis personally killed the bill for free school books. I will work faithfully that free school books may be supplied.

"That the unholy alliance between politicians and liquor power may no longer control our government, and that dealings based on such power shall cease—I am for a dry state now and always.

"I believe that in a democracy all subject to the laws should have an equal voice in making the laws they must obey—hence, I am for equal suffrage.

"That the 22,000 wards of the state should be freed of political dealings and relieved of the control of saloon and other vicious influences. I favor a civil service administered by its friends and backed by a clean public sentiment.

"I believe in advanced legislation for good roads, schools, workman, widow and old age pensions and other humanitarian principles that will make our state a better place to live.

"All these will come about easily and naturally by the direction of the voter when we have equal suffrage and no saloons."

Hot Water the Best Liver and Bowel Remedy

Says glass of hot water before breakfast washes poisons from system.

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.

COMB SAGE TEA INTO GRAY HAIR

Ladies! Try this! Darkens beautifully and nobody can tell—Brings back its gloss and youthfulness.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet article requisite. It is not intended for the cure, mitigation or prevention of disease.

COLUMBUS WORKERS.
A large delegation of Christian workers from Columbus will be at the Woodside church for an all day meeting, Sunday. Dinner at the gymnasium will be served by the ladies.
